

Subject: Reaching Fundraising Goals and Lane Assignments

It's only 11 DAYS until Our Justival, which means it's go time!

If every person bowling raised 25\$ a day, by Wednesday we'd hit \$50,000, and by Sunday we'd be at \$70,000. That would leave just the last week leading up to the Bowl-A-Thon, and anything is possible the last week before the Bowl-A-Thon.

Let's do this. You have all the skills and tools necessary, and now it's time to put them to work.

- Have you been doing all your fundraising on social media? Start making some personal asks.
- Have you had a hard time getting your fundraising started? Reach out to your fellow teammates for support (or email [bowl@ourjustice.net]/call [651-307-5504] Arie your Bowl-A-Thon producer)
- Are you destroying your fundraising goal, but have teammates whose efforts are moving a little more slowly? Check in and see if they would appreciate any advice or assistance.
- Don't know what to say to people in your asks? Try using the donation amounts listed [on last week's email](#), or use this [copy/paste email](#), or try these [copy/paste Facebook posts/private messages](#).
- If you bowled last year, check out this awesome new tool that shows you who donated to you last year, and then contact all those folks and ask them to donate again this year.

Next, here are everyone's lane times. Please show up 15 minutes before your shift to get checked in. If you plan on ordering beverages or food for the lanes (we'll be providing pizza, gluten free pizza, and veggie platters), show up even earlier. If something doesn't look right on the list below (you don't see your team, or your listed in the wrong time slot) just send Arie an email at this address and we'll sort it out.

6:15pm
